

## SKILLS

PHOTOSHOP

My name is Stella Tjhia, I was born in 1990 and raised in Indonesia. Completing my degree in Tarumanagara University, particularly majoring in Visual Communication Design.

ILLUSTRATOR

I have a desire for playing with colours and during my studies. I have developed a special affection for layout and typography. By applying them into a clean design and a clear concept. I help people to connect and communicate effectively. I specialized in graphic design, and layout design. In addition, i also enjoy visual identity, and photography.

INDESIGN

I always do my best and willing to learn new things. My working experiences in several companies have prepared me with capability to understand clients and bring out creative solutions.
